

Our internship has two different focuses:

International Student Ministry
Foreign Missions

Most of our graduates go on in international student ministry in the US or in foreign missions around the world.

“Lift up your eyes to the horizon, for the harvest is plentiful but the laborers are few.”

John 4:35

Engage Islam and the world with love and boldness.

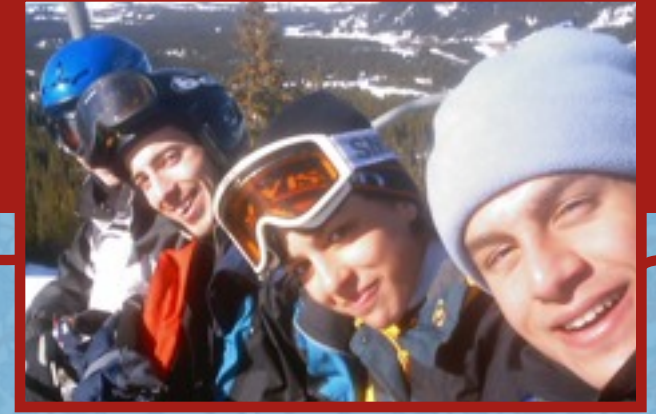

*“Here I am, Lord,
Send me.”*

INTERNSHIP
Horizons International

*As an intern you
will be part of:*

1. Are you interested in missions and cross-cultural ministry?
2. Do you want to live and minister in an international student center?
3. Do you want to be prepared to encounter the hardships and challenges of ministry around the world?

- ✓ Practical ministry among international students, classes and discussion groups, and service.
- ✓ Training for missions and for bold witness.
- ✓ Opportunities to study and learn about the Muslim mind-set and ministry among Muslims.
- ✓ Short-term missions opportunities with a team to Africa, the Middle East, India, or Eastern Europe.
- ✓ Lasting friendships with others who desire to see God worshipped among the nations.

“One of the biggest benefits of doing an internship with Horizons has been living at the Horizons Student International Center. It has been fun, encouraging, challenging and educational to live and minister among students from all over the world. I've grown in knowing God's heart for the nations as I've lived and worked among them.”

-Sherri Moore, Intern

*If yes, come
join us!*

*Spring, Summer, and Fall
